Sprint Global Services

Dialing Instructions

Placing a long-distance call within the U.S.

Telephone numbers in the U.S. consist of a three-digit Area Code and a seven-digit local telephone number, for a total of 10 digits. When placing a long-distance direct dialed call, dial **1** + Area Code + Local Number.

For example, to call Kansas City, Missouri, simply dial:

1		816		XXX-XXXX
Long-Distance Access Code	+	Area Code	+	Local Number

If you are not sure that the phone you are using is assigned to Sprint, treat yourself to fiber-optic quality by dialing **1 0 1 0 3 3 3** + **1** + Area Code + Local Number. The call will be billed to the phone number from which you are calling. OR **1 0 1 0 3 3 3** + **0** + Area Code + Local Number OR **1-800-877-8000**; at the tone; dial **0** + Area Code + Local Number. Your call will be quickly directed to Sprint's superior network from any phone in the U.S.. For instructions on how to use your Sprint FÖNCARDSM see page 3.

International calling via direct dialing

The Country Codes and City Codes you need are listed on pages 14 to 30 of this directory.

For example, to call Tokyo, Japan, simply dial:

011		81		3		XXX-XXXX
International Access Code	+	Country Code	+	City Code	+	Local Number

Calling to the Caribbean or Canada via direct dialing

The dialing procedure is even simpler; in fact, it's just like dialing within the U.S. Simply dial:

1		XXX		XXX-XXXX
Long-Distance Access Code	+	Area Code	+	Local Number

If you require operator services or international operator assistance

Sprint offers direct-dial voice and facsimile service to nearly every location in the world. However, if you need operator assistance or if direct-dialing is not available to the country you are calling, simply dial **0 0** from any Sprint-subscribed phone or **1 0 1 0 3 3 3** + **0** or **1-800-877-8000** from any other phone for International Operator Assistance (IOS).

You can rely on Sprint's 24-hour Operator Service for person-to-person or collect calling and International Directory Assistance.

Placing basic calls from the U.S. using the Sprint FÖNCARD

1. Obtain an outside line (if required.)
2. Dial **1-800-366-2255** (follow voice prompts), OR **1-800-877-8000** (tones, or rotary phone)
3. Dial **0** + Area Code + Local Number (when prompted or at the tone) OR on a rotary telephone, wait for a Sprint Operator to come on line.
4. When prompted or at the tone, enter your 14-digit FÖNCARD number.

Note: For assistance when using the 1-800-366-2255 access number, press ***** + **0** For assistance when using the 1-800-877-8000 access number, press **0** or wait on the line.

To International Locations:

1. Obtain an outside line (if required.)
2. Dial **1-800-366-2255** (follow voice prompts),
OR **1-800-877-8000** (tones, or rotary phone)
3. Dial **0 1 + Country Code + City Code + Local Number + #**. (when prompted or at the tone) OR on a rotary telephone, wait for a Sprint Operator to come on line.

For example, to call Tokyo, Japan, simple dial:

01	81	3	XXX-XXXX			
FÖNCARD Int'l Access Code	+	Country Code	+	City Code	+	Local Number

4. Enter your Sprint FÖNCARD number (when prompted or at the tone) OR, wait for a Sprint Operator to come on the line.

* When using your FÖNCARD, be sure to dial **0 1**, not **0 1 1** as required for direct-dialed calls from your home or office.

Calling to the Caribbean or Canada

The dialing procedure is even simpler; in fact, it's just like dialing within the U.S. Simply dial:

1. Obtain an outside line (if required.)
2. Dial **1-800-366-2255** (follow voice prompts),
OR **1-800-877-8000** (tones, or rotary phone)
3. Dial **0 + Area Code + Local Number** (when prompted or at the tone) OR on a rotary telephone, wait for a Sprint Operator to come on line.

Example:

0	XXX	XXX-XXXX		
Domestic + Access Code	+	Area Code	+	Local Number

4. Dial the 14-digit FÖNCARD number (shown on your FÖNCARD) when prompted or at the tone.
OR, wait for a Sprint Operator to come on the line.

VPN FÖNCARD Customers

Calls within the U.S. and Canada:

1. Obtain an outside line (if required.)
2. Dial **1-800-366-2255** (follow voice prompts),
OR **1-800-877-8000** (tones, or rotary phone)
3. Dial **0 + Area Code + Local Number** (when prompted or at the tone) OR **0 + VPN Network Number**
4. When prompted or at the tone, enter your VPN 14-digit FÖNCARD number.

Calls to International locations:

1. Obtain an outside line (if required.)
2. Dial **1-800-366-2255** (follow voice prompts),
OR **1-800-877-8000** (tones, or rotary phone)
3. Dial **0 1 + Country Code + City Code + Local Number + # button**. (when prompted or at the tone) OR **0 1 + VPN Network Number**
4. When prompted or at the tone, enter your VPN 14-digit FÖNCARD number.

Travel tips

You may use your Sprint FÖNCARD from a hotel. Charges will be billed to your room unless you use a FÖNCARD or if you place a collect call. Some hotels may also charge a nominal fee for the call. Telephone dialing instructions are available in your room, or you may check with the hotel operator about telephone billing policies before placing a call.

Sprint International Access numbers – everything you need to call worldwide from off-shore originations.

Sprint offers from many countries, automated calling (calls placed without “live” operator intervention) via a Voice Response Unit (VRU). Voice prompts will guide you through placement of a call. Countries which do not support automated Operator calling, will route directly to a Sprint Operator.

Sprint International Access

When you travel in places where language, currency and telephone systems are unfamiliar, let Sprint simplify your calling. Sprint International Access enables you to dial a in-country access number from overseas to reach an English-speaking voice prompt that will help you place your call to just about anywhere in the world or to the U.S. Sprint Operator. Various countries offer a multi-language VRU. You can charge your calls to your Sprint FÖNCARD. Collect calls back to the U.S. can also be placed. Plus, all calls are billed in U.S. dollars.

Country names highlighted in yellow indicate that worldwide calling is available. Country names highlighted in white only allow calls back to the U.S.

Global dialing tips

- Additional calls without hanging up. Press “#” for two full seconds. Listen for tone and dial again.
- Misdial your number? Push “*”, then re-enter the correct number.
- Directory Assistance. Ask the Sprint Operator for phone numbers in the U.S. or International Directory Assistance.
- Toll-free calls to the USA. Ask the Sprint Operator to complete a call to a toll-free number of your choice within the U.S. Sprint International Access rates apply. (Toll-free numbers are offered at no charge only when dialed in the U.S.).

Sprint International Access Numbers

Access numbers are subject to change. While in the U.S., You may visit www.sprint.com/walletguide to view updated access numbers or contact a Sprint Operator.

Countries in yellow allow in-country and country-to-country calling.

Countries highlighted in white allow calling back to the U.S. only

Service provided in English unless otherwise noted.

Key (please read before dialing)

- V Calls answered by Voice Response Unit.
- + Public phones may require coin or card.
- ◊ Available only from dedicated phones or payphones.
- ▲ May not be available from payphones.
- ~ Collect calls only.
- ◆ Wait for second tone.
- If "Talk" button is available, please push before talking.
- ∞ Ask local operator to connect you to the Sprint Operator.
- N No mobile phone access.

Country Direct Service

Visitors to the U.S. can now reach international operators in many other countries and still enjoy the benefits and value of Sprint's nationwide 100 percent digital, fiber-optic network backbone. Country Direct Service allows toll-free access to operators of overseas telephone companies for use by their customers when visiting the United States. These calls will be billed by that overseas telephone company in that country's currency, and billing options depend on that country's telephone company.

Country direct availability

Access numbers are subject to change. While in the U.S., you may contact a Sprint Operator.

INMARSAT services

Sprint Customers can also enjoy direct-dial services to ships at sea using this easy dialing pattern:

011	XXX	XXX-XXXX
International Access Code	+ Ocean Region Code	+ Ship's Telephone Number

The Ocean Region Code will vary depending on the ship's location:

INMARSAT Regions	Ocean Region Codes
Atlantic Ocean Region (East)	871
Atlantic Ocean Region (West)	874
Indian Ocean Region	873
Pacific Ocean Region	872
Global Access Inmarsat	870

Calls are charged at rates established by INMARSAT that are not time-of-day-sensitive. Contact the Sprint Customer Service number on the back of your FÖNCARD for rate information.

Global mobile satellite services

Sprint customers can also enjoy direct-dial services to subscribers of global mobile satellite services using this easy dialing pattern:

011	881	X	XXXXXXX
International Access Code	+ Global Satellite Code	+ Global Network Code	+ Subscriber Telephone Number

Global Network Providers	Network Codes
Iridium	6
Iridium	7

Using your Sprint international dialing guide

Country Codes

All direct-dial countries (and their codes) are listed in English, in alphabetical order, beginning on page 14.

City Codes

For your convenience, city codes for the most frequently called cities are listed below the Country name. Area codes for major Canadian cities and most nations in the Caribbean region have also been provided in this section. If you need additional city code information, dial 00 from any Sprint phone or your toll-free FÖNCARD access number, from any other phone for International Operator Assistance.

Time Difference

Time differences are calculated from cities within the Eastern Standard Time (EST) zone of the U.S. .If you are in the Eastern Standard Time zone, simply add the hours noted for that country in the time difference from EST column to your local time; subtract if the number is preceded by a minus (-) sign.

If you are in another U.S. time zone, or not sure, use the International Zone Map on page 28 to determine actual time difference.

Rates

Just as the structure of domestic rates offers a chance to save by dialing during off-peak hours, international rates have also been set up to offer opportunities for low-cost calling. Rate periods vary by country, and several factors influence how they are structured. Geography, telephone traffic patterns and agreements between U.S. and overseas telephone administrations are among the factors that affect how rate periods are structured and how calls are charged.

Contact Sprint's 24-hour Customer Service number on the back of your FÖNCARD to find out about the most economical ways to complete your international calls.

All Sprint International Access originated calls are billed as either station-to-station or person-to-person. Appropriate surcharges will apply. "Live" operator assisted calls do not incur additional surcharges from automated operator (VRU) completed calls.

For more information about Sprint International Access rates or availability, call the customer service number on your FÖNCARD (within the U.S.). When overseas, you may call the collect number listed on the back of your FÖNCARD to reach Sprint Customer Service at any time.

Sprint PCS Wi-Fi Access

Two ways to use it:

1. Sprint PCS Connection ManagerSM Software with Wi-Fi plays an integral part in making Sprint PCS Wi-Fi Access simple, convenient and easy to use. The software is designed to enable customers to travel between Wi-Fi locations, detect Wi-Fi ZONES compatible with Sprint, and easily connect on laptops running Windows[®] 98SE, 2000, ME, XP and Tablet XP. The software will also allow customers to access a complete directory of Wi-Fi ZONES compatible with the Sprint service. This directory is kept currently via weekly over-the-air updates.

The software is available for a nominal charge in Sprint Stores. It is also available as a free download from the Business Center on www.sprint.com (click on 'Business' or visit the Business Center directly at www.sprint.com/business and click on 'Wireless Data').

2. Web-based Login functionality broadens the addressable target to users of Wi-Fi-enabled PDAs and customers on laptop operating systems outside of those traditionally supported by Sprint PCS Connection Manager (e.g. MAC). Customers simply enter their Sprint PCS Wi-Fi Access username and password into the portal page of the Wi-Fi network they are using to gain access.

When using Web-based Login, customers will have to select from a list of available SSIDs (Wi-Fi network identifiers) or enter Sprint's SSID ("pcswifi") if they're in a Sprint-owned Wi-Fi ZONE. Then launch the Internet browser to log in.

NOTE: A separate 802.11b card or laptop with embedded 802.11b technology is required for the Wi-Fi service to work in either case. Customers using Connection Manager should install the 802.11b client utility and drivers packaged with their Wi-Fi equipment prior to installing Sprint PCS Connection Manager Software with Wi-Fi.

Time zone and area code map of the United States

Use this map to determine Time Zones and Area Codes in the United States. Using the Eastern Time Zone as a point of reference, subtract one hour for every Time Zone going westward. For example, when it is noon in the Eastern Time Zone, it is only 9 a.m. in the Pacific Time Zone.

International time zone map

Sprint offers high-quality voice and facsimile services to virtually every direct-dial country in the world and provides a comprehensive array of sophisticated value-added services worldwide. Use this simplified world map to determine time differences between your location and international calling destinations.

Please note: These maps are as accurate as their geographic scale permits and are subject to change.
