

Table B.8.6-1

National Security and Emergency Preparedness Item	Item Number	Charge	Price Start Date	Price Stop Date
Initiation charge for priority installation of a new circuit w/o local access coordination	1591	\$ 428.00	10.01.2003	09.30.2004
Initiation charge for priority installation of a new circuit with one local access coordination	1592	\$ 128.40	10.01.2003	09.30.2004
Initiation charge for each additional local access coordination associated with a priority installation of a new circuit	1593	\$ 128.40	10.01.2003	09.30.2004
MRC per circuit w/o local access coordination	1594	\$ 9.63	10.01.2003	09.30.2004
MRC per circuit with one local access coordination	1595	\$ 4.82	10.01.2003	09.30.2004
An additional MRC for each additional local access coordination per circuit	1596	\$ 4.82	10.01.2003	09.30.2004
Initiation charge to establish restoration priority for a circuit w/o local access coordination	1597	\$ 251.45	10.01.2003	09.30.2004
Initiation charge to establish restoration priority for a circuit with one local access coordination	1598	\$ 133.75	10.01.2003	09.30.2004
Initiation charge for each additional local access coordination associated with establishing restoration priority for a circuit	1599	\$ 147.13	10.01.2003	09.30.2004
Initiation charge for a priority level for design change to a pending TSP provisioning or restoration w/o local access coordination	1600	\$ 37.45	10.01.2003	09.30.2004
Initiation charge for a priority level for design change to a pending TSP provisioning or restoration with one local access coordination	1601	\$ 66.34	10.01.2003	09.30.2004
Initiation charge per critical user	2834	\$ 428.00	10.01.2003	09.30.2004
MRC per critical user	2835	\$ 9.63	10.01.2003	09.30.2004
