7. BUSINESS SENSE®\*+#@1. Overview1. Description

Business Sense is an integrated business service designed to meet the communications needs of small-sized business customers of switched outbound, switched toll free, and switched data, regardless of the number of business locations. Dedicated access services are unavailable for Business Sense services. Business Sense is a flat rated priced product with a single rate for interstate and inbound International Toll-Free calls and services and peak/off-peak rates for outbound international calls and services. Business Sense is available either on a non-term basis or on a one-, two- or three-year term basis. The services available under Business Sense include: Dial-1 Business Sense<sup>SM</sup>, FONCARD Business Sense<sup>SM</sup>, Toll Free Business Sense<sup>SM</sup>, and Data Business Sense<sup>SM</sup> services. Single rates are provided separately for interstate switched access services and are not band, distance, time-of-day, or day-of-week sensitive.

Only associated customer locations, as defined in [Definitions for Business Communications Services](#), and employees of the customer are allowed to participate in the Business Sense offerings. Business Sense service offerings include interstate and international Dial "1" outbound, FONCARD, Switched Data Service, interstate toll free inbound, and International Toll-Free Service. Business Sense customers can subscribe to Sprint Clarity, The Most For Business, Sprint Premiere or Real Solutions services, however, the usage from those services is not contributory to the Business Sense customer's monthly minimum commitment level and those services will be invoiced separately. For customers subscribing to service prior to February 1, 1999, the usage of Business Sense customer employees who subscribe to either Business Sense or Sprint Sense will contribute to the Business Sense customers' monthly minimum commitment level and those services will be invoiced separately. \*\*For customers subscribing to Business Sense service on or after February 1, 1999, the customer's employees' Business Sense contributory usage charges at up to 10 satellite locations (e.g., from home) will contribute to the customer's monthly minimum commitment level. The satellite locations (up to 10) will be eligible to receive the customer's applicable underlying Business Sense rates. In addition, the Business Sense customer must accept financial responsibility for any such employee in the event of non-payment to Sprint. The billing options in Section 3.6 of [Business Communications and Miscellaneous Services](#) are available.

2. Access Options

Business Sense offers switched access options (including ANI and FONCARD) as described in Section 3.1 of [Business Communications and Miscellaneous Services](#).

\* Effective January 16, 1995, the \$100 commitment level will no longer available to new customers.

+ Effective January 20, 1995, the 3-year term plan will no longer available to new customers.

# Effective January 25, 1995, \$25 commitment level will no longer available to new customers.

@ Effective May 16, 2006, except for the \$0 commitment level, non-term plan, all other commitment levels and term plans will no longer be available to new customers.

\*\* Effective May 3, 2008, satellite locations will no longer be available to new customers.

7. BUSINESS SENSE® (Continued) \*+#@1. Overview (Continued)3. Billing Increments

1. Dial-1 Business Sense outbound offers six-second increments with a 30-second minimum for domestic and a 30-second minimum for international calls for all commitment levels and terms. Customers on three year plans will be billed in 60 second increments for calls to Mexico.
2. Toll Free Business Sense offers six-second increments with a 30-second minimum for all commitment levels and terms.
3. Data Business Sense service offers six-second increments with a 30-second minimum for domestic and a 30-second minimum for international calls for all commitment levels and terms.
4. International Toll-Free Service inbound international calls are billed in 6-second increments with a 30-second per call minimum except for calls originating in Canada which are billed in 6-second increments with an 18 second minimum.

4. Call Periods

Rates apply 24 hours a day, every day.

5. Computation of Charges

If the computed charges include a fraction of a cent, the fraction is rounded up to the next whole cent (for example, \$1.624 would round up to \$1.63).

6. Minimum Monthly Commitment Levels

The customer must commit to one of the following monthly minimum commitment levels in order to subscribe to Business Sense. Business Sense is available on a non-term, one-year, two-year or three-year term basis. The \$0.00 monthly minimum commitment level is available on a non-term basis only. Usage will be aggregated across Digital Subscriber Lines, toll free, switched data, outbound, FONCARD, (including FONCARD surcharges) and Sprint International Access (Sprint Express) including all calling options, all locations and all jurisdictions (intrastate, interstate and international) in order to meet the minimum monthly commitment level. Feature, equipment, Directory Assistance, domestic Operator Services (available to outbound only), and access charges are not contributory towards meeting the minimum monthly commitment level.

\* Effective January 16, 1995, the \$100 commitment level will no longer available to new customers.

+ Effective January 20, 1995, the 3-year term plan will no longer available to new customers.

# Effective January 25, 1995, \$25 commitment level will no longer available to new customers.

@ Effective May 16, 2006, except for the \$0 commitment level, non-term plan, all other commitment levels and term plans will no longer be available to new customers.

7. BUSINESS SENSE® (Continued) \*+#@1. Overview (Continued)6. Minimum Monthly Commitment Levels (Continued)

Except for the \$0.00 monthly minimum commitment level, if the customer does not meet its minimum monthly commitment level for usage, the customer's invoice will be adjusted to the monthly minimum commitment level. A customer may cancel (or terminate) a term plan agreement as long as the customer signs up for a new term plan agreement which is the same or greater in length for the time remaining in the current contract and the customer commits to an equal or greater minimum monthly commitment level.

Commitment Levels: (1) \$0/month (2) \$25/month; (3) \$50/month, (4) \$100/month; (5) \$200/month; (6); \$500/month; (7) \$750/month; (8) \$2,000/month; or (9) \$4,000/month.

7. Termination Liability

Business Sense customers terminating all Business Sense Service prior to fulfilling their term commitment may be assessed a terminating liability in an amount equal to the minimum monthly commitment level times the remaining number of months in their term plan. The termination liability will be billed in one lump sum. Customers will not incur this termination liability for their former term plan commitment if they request a new minimum monthly commitment level and agree to sign a new term plan agreement for a period equal to or greater than the time remaining on their current plan and the customer commits to an equal or greater minimum monthly commitment level. They will, however, be assessed the termination liability if they terminate all Business Sense service prior to fulfilling their new term commitments.

A term plan will automatically renew for an equivalent term and minimum monthly commitment level unless the customer or Sprint provides written notification to cancel the plan, with such notification being received by Sprint or the customer, respectively, not less than 45 days prior to the expiration of the term.

7. BUSINESS SENSE® (Continued) \*+#@4. Assurance Plans1. Satisfaction Assurance Plan

New Sprint Business Sense customers after September 1, 1995 selecting one-year or two-year term plans will have a 90 day introductory period to install and use Sprint Business Sense Service. During the first 90 days of the new customer's term plan:

1. If Sprint fails to install Sprint Business Sense Service within the interval agreed upon in writing or, if none, Sprint's standard installation intervals; or
2. If the customer's invoice for Business Sense Service does not accurately reflect:
  1. one flat rate for all interstate calls, dependent upon commitment level;
  2. different flat rates may apply to international calls; and
3. The same flat rates described above apply to all voice services, including direct dial, toll free, FONCARD (additional per call surcharge applied) long distance services.

Then the customer may contact Sprint Customer Service and report the problem. Sprint Customer Service will review the reported problem, explain the monthly invoice, and correct any errors in service performance or invoicing inconsistent with these principles. If Sprint Customer Service fails to correct the specific performance deficiency or demonstrate to the customer that it is, in fact, receiving Sprint Business Sense Service and being billed the flat rates advertised by Sprint, the customer will be permitted to terminate its Sprint Business Sense Service without incurring any termination liability.

New Business Sense customers are customers who have not purchased any Business Sense Service during the immediately preceding 12 months. The 90 day plan period begins on the day that a customer's Business Sense Service is first installed.
