Number Port with Change Deleting the Listing Using SUDS

Purpose This job aid is designed to step the analyst through a Number Portability (NP) Convert to New Local Service Provider (LSP) and delete the directory listing on the same Line Service Request (LSR).

Steps to Take Following the steps outlined below, the analyst will be able to process a NP Convert to New LSP and delete the directory listing on the same LSR.

Step	Action
1.	Preorder the Sprint end user telephone number. Select the Called Subscriber Identification (CSI) Transfer option and Retrieve.

The screenshot displays the SUDS interface for processing a Number Portability (NP) Convert. Key elements include:

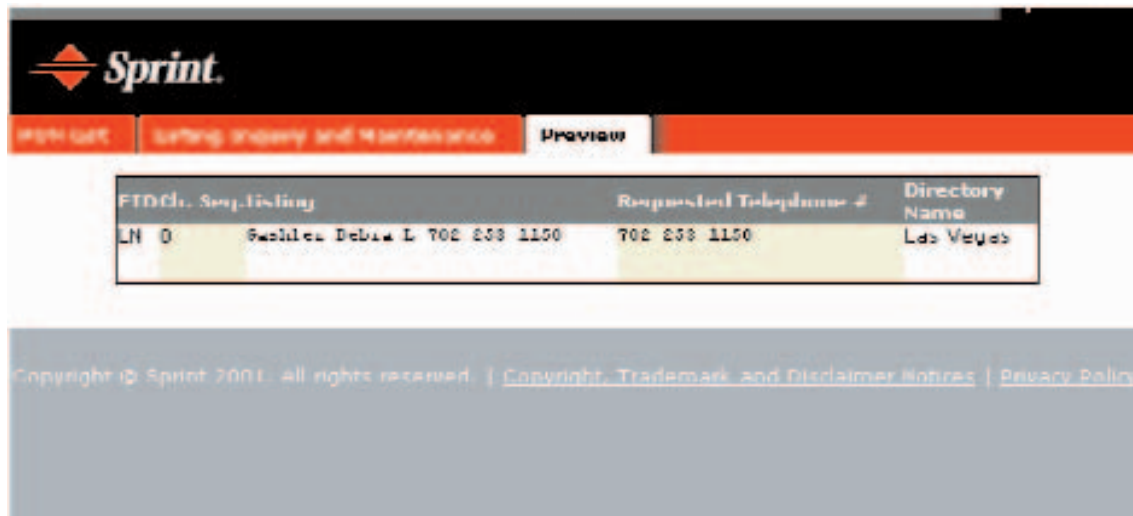

- Navigation:** Login | LSR | Preorder | Messages | Tracking | TNA
- State:** NV (dropdown)
- Service Provider:** CLEC, SPRINT (selected), DIRECTORY
- Account Info:** CC 1111 (dropdown)
- Response Selection:** A dropdown menu is open, showing '702-253-1150' (circled in red) and 'CSI Transfer' (circled in red).
- Form Fields:** Name, Dir, Box, Typ, Suffix, Building, TAR, ZIP, Room/Unit, SWC, State, City, Exch, COMM, Floor, Street Name, House No, Frac.
- Buttons:** Address, Billing Info, Ex Svcs, Avail Svcs, Avail PIC, Addr Val, Schedule, Retrieve (circled in red), Close, Print/Printout.
- Footer:** ECCKT / WTN 0 of 0

Continued

Step	Action
2.	When you press the Retrieve button, Integrated Request Entry System (IRES) transfers you to the LSR and the eSUDS pop up browser window appears with the Preview Screen so you can look at the existing listing.

Step	Action
3.	When you have verified the listing, close the browser window and the Service Tab in IRES is displayed.
4.	Fill out the Service Tab as usual.

Step	Action
5.	Fill out the End User Tab as usual.

The screenshot displays the SUDS interface for managing end user information. The 'End User' tab is active, showing a form with the following data:

- Tel No:** 702-253-1150
- Name:** CORRAL GARDEN
- House No:** 004982
- Street Name:** SEPULVEDA
- City:** LAS VEGAS
- State:** NV
- Area:** 09110-1121

The interface includes a navigation bar with buttons for 'Info', 'Confirm', 'CLEC', 'Service', 'End User', 'NP', 'Billing', 'List Dtl', 'Dir', 'SOE', 'Call', and 'Test'. The 'End User' button is currently selected. At the bottom, there are fields for 'CC' (1111) and 'PON', along with a 'Ver' field set to 1 and navigation arrows. A 'Submit' button is visible on the right side of the form.

Step	Action
7.	Navigate to the List Designated Transit List (DTL) Tab and choose N=No from the EU Ret List drop down menu.
8.	Click the DIR Button.

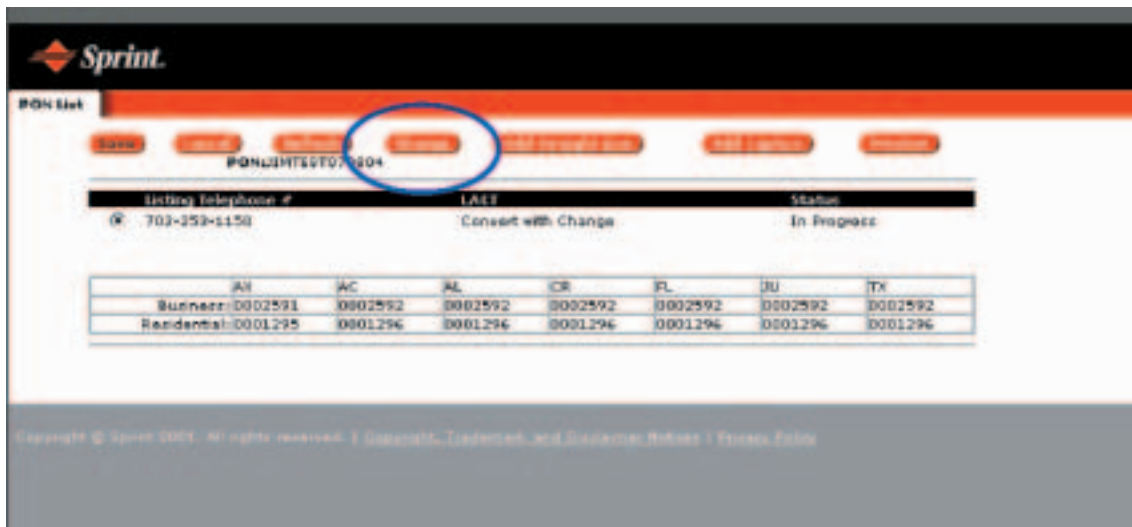

The screenshot displays the SUDS (Service User Data System) interface. At the top, there are navigation tabs: 'Login', 'LSR', 'Preorder', 'Messages', 'Tracking', and 'TN'. Below these, the 'Dir City' section contains several input fields: 'DI NUM', 'Listing TN' (with a dropdown menu showing '107-251-1150'), 'EU Ret List' (a dropdown menu with options '?', 'Y-Yes', 'N-No', and 'A-ANL'), and 'LACT'. The 'EU Ret List' dropdown is currently open, and 'N-No' is selected. Below these fields are 'OLTN' and 'FID' fields. The 'Service Address' field contains '004982 SEPULVEDA BLVD'. The 'DIR Response' field is empty. A red circle highlights the 'DIR' button in the bottom right corner of the main form area. At the bottom of the interface, there is a row of buttons: 'Info', 'Confirm', 'CLEC', 'Service', 'End User', 'Ln Dtl', 'Loop', 'NP', 'Billing', 'List Dtl', 'Dir', 'SOE', 'DAB', and 'RESP'. Below this row, there are fields for 'CC 1111', 'PON', and 'Ver 1', along with 'Search', 'Clear', and 'Print Preview' buttons. At the very bottom, there is a timestamp: '8/20/2014 10:02:21 AM'.
