Buck-A-Call Test Market Promotion¹

Beginning September 29, 1997, Sprint will test market its Buck-A-Call interstate calling service as described herein. Buck-A-Call provides 900 seconds (15 minutes) of interstate Dial-1 calling for \$1.00, with all calls lasting less than 15 minutes being rounded up to the initial 15 minute billing increment. Any call lasting beyond 900 seconds will be rounded up to the next 60 second billing increment. For each minute or fractional minute past the initial 15 minute billing increment, a charge of \$0.15 per minute will apply. In addition, calls lasting less than 15 seconds will be free. Buck-A-Call is available to new "Sprint Sense II International Calling Promotion" customers and existing "Sprint Sense II International Calling Promotion" customers meeting the requirements of this promotion. The Buck-A-Call rates are in lieu of the interstate Dial-1 rates described in herein. In order to be eligible for the Buck-A-Call market test, the customer must (1) complete and return an enrollment form provided by Sprint, (2) call a designated toll free number provided by Sprint or (3) enroll during a marketing contact with Sprint. All other applicable rates, terms and conditions of the "Sprint Sense II International Calling Promotion" and the Sprint Sense II General International Calling Plan will apply. Except as indicated herein, this test market promotion cannot be combined with any other promotion herein. This test market promotion is available for sign-up through November 9, 1997, unless sooner changed or canceled by Sprint. Upon expiration of the enrollment period, customers of this test market service will continue to receive the rates, terms and conditions of this test market service, which may change from time to time, until such time as Sprint discontinues the service. At that time, the customer will be given the choice of (1) returning to the customer's previous Sprint service or (2) switching to another Sprint service.
