

COLLECT LANGUAGE SERVICE¹

Collect Language Service is an inbound service feature of Sprint International Access which allows for collect calling via a secondary dedicated language access line with the assistance of a non-English speaking Sprint operator.

- Person-to-Person and Station-to-Station Collect Language Service calls can be placed either (a) by dialing a special number to reach the secondary dedicated access line operator from the originating international location, or (b) in some cases, by using a Sprint-designated autodialer telephone to reach the Sprint operator, or (c) by calling a unique inbound international toll free number to reach the Sprint operator.
- All calls, including those terminating to a toll free terminating number, will be billed at the Collect Language Service first minute or less rate and an additional minute (or fraction thereof) rate with an applicable surcharge. See Sprint International Access surcharges.
- The customer may be assessed a local call charge by the foreign telephone administration. Some public phones may require a deposit of coins to get a dial tone.
