Dial-1 Credit Promotion¹

Sprint will offer to eligible existing customers enrolled in a Sprint international calling plan a credit of up to \$3.00 to be applied to the customer's total Dial-1 usage. The credit will be applied to the first partial and next full invoices (promotional benefit period) following promotion enrollment. In order to be eligible for this promotion, customers must either be contacted by a Sprint representative and offered this promotion or contact Sprint and request this promotion. The credit to be applied during the promotional benefit period will be determined by multiplying the total number of international dial-1 minutes by \$0.10. A maximum benefit of \$3.00 per month will apply during the promotional benefit period. The credit will be applied to all Dial-1 usage. If a customer cancels Sprint service before the benefit period of this promotion expires, no promotional benefit will be given to the customer on the customer's final invoice. This promotion is available for enrollment through June 15, 2000 unless sooner changed or canceled by Sprint.
