  - All call placements charges, connection fees and surcharges apply per call.

Issued: February 8, 2008

Effective: February 8, 2008

## SPRINT NICKEL NIGHTS<sup>SM</sup>

- The service was available to residential customers who have selected Sprint as their primary interexchange carrier or who use Sprint Nickel Nights with the customer's stand-alone FONCARD.
- For country termination points and state-to-state call definitions, see [Service Availability](#).
- A customer's phone line may not be classified as a "business", "public" or "semi-public" line. The customer's account may not have more than one residential phone line associated with its account and each household is limited to one Sprint Nickel Nights account. A customer must have an individual residential phone line service from Sprint, the local exchange company presubscribed to Sprint for interstate long distance service.
- The customer's phone line may not be in housing associated with educational institutions.
- The customer may not use this service for commercial use, for connection to the Internet, for other data services (including facsimile transmissions) or for any other use that does not involve a person-to-person conversation or voice message.
- Dial-1 long distance voice usage provided under this service offering applies on a per line basis only and does not include usage associated with: Sprint FONCARD calls; calls which are pay for use, including calls to 900, 976, 555 and 700 numbers; calls to Directory Assistance calls which involve an operator service, including emergency interrupt; and toll free service.
- Use of any feature, including but not limited to call forwarding, on a planned and continuing basis to allow an originating caller to avoid long distance charges is prohibited.
- The MRC will apply each month or partial month and will be billed in advance of service, except for the initial month (or fraction thereof). The MRC for the initial month (or fraction thereof) will be billed on the customer's first invoice. Specifically, the first bill the customer receives will include a MRC for the first month (or prorated MRC for a partial month) plus the MRC for the next month's service.
- If Sprint determines that the service is not being used for individual residential service, or in any other way violates the restrictions of this service, Sprint may suspend or terminate the customer's service.
- Other surcharges and fees may apply, including (but not limited to) Carrier Cost Recovery Charge, Carrier Universal Service Charge, Frequent Flyer Excise Charge, Gross Receipts Tax Surcharge, International Mobile Termination Surcharge and Single Bill Fee. In addition, state Universal Service Fund charges may also apply to interstate and/or international services. For further information, see [Sprint Wireline Terms and Conditions of Service](#), Section 4 and the [Sprint Wireline Fees and Surcharges Matrix](#).

\* Effective October 1, 2006, Sprint Nickel Nights, Option A, Option B, and Option C will no longer be available to new customers.
